2027 – Out-of-Catchment Enrolment Request Form

If your student is a sibling of a student currently attending Beautesert SHS or a child of a staff member then you can proceed to complete & submit the Application for Student Enrolment Form.

To determine your local catchment school area, search your address on the Queensland Government Education website:

<https://www.qgso.qld.gov.au/maps/edmap/>

Queensland Government Education information about enrolment: <https://education.qld.gov.au/parents-and-carers/enrolment>

A school local catchment area is the geographical location where a state school's core intake of students must live. Catchment areas ensure every Queensland student from Prep to Year 12 can enrol at their local state school. Students, whose principal place of residence is outside Beautesert SHS catchment area can still request enrolment, but it is not guaranteed, and you will be placed on a waiting list. Considerations depend on whether the school:

- Has capacity once all in-catchment enrolments are met.
- Needs to allow for students relocating BSHS catchment area during the year.
- Can ensure an even spread of students across all year levels while maintaining class size targets.
- Can ensure their out-of-catchment enrolments do not reduce the capacity to meet in-catchment enrolments.

Requests are processed and assessed in the order they are received. They are reviewed by the Principal, as there several different factors to be considered to make an informed decision.

You must provide copies of the last two semester report cards and or student profile from One School (School can provide) with this request.

Student Name:			☐ Female	☐ Male
Date of Birth:		Enrolment grade:	☐ 7	☐ 8
Current School:		Beautesert State High School	☐ 10	☐ 11
Parent/Guardian:		Enrolment year:	2027
