Term 1 Completion 2025

A message from Mr Burke

If the decade of the 2020's has taught us anything, it is that the first term of school can always be an interesting one. And 2025 was no different.

After evacuations and power outages, we experienced the remnants of Tropical Cyclone Alfred resulting us having to close the school for four days.

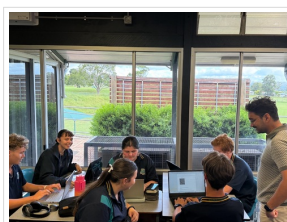

While we have experienced another disrupted start to year, our students have shown incredible resilience to return to school and focus on their learning in the last few weeks of school. I look forward to seeing how the students have progressed academically and acknowledge our hardworking students at our Personal Best Assemblies in Term 2.

I sincerely thank families for their patience throughout the term and know that your understanding goes a long way to support the resilience of your child.

Have a great holiday break. Stay safe and I look toward to see all of the students again in Term 2.

Kind regards

Damien Burke
Principal

Our incredible staff go above and beyond, often staying back until 5:00 PM to ensure that every student has the support they need. Despite long hours and demanding workloads, they remain committed, adjusting their teaching methods to suit individual learning styles and creating a nurturing environment where students can thrive.

Equally inspiring are our students, with up to 70 attending our Thursday after school tutoring sessions on some days. Designed for students who need a little extra help as well as those keen to push themselves further, students tackle complex problems head-on, seeking help when needed and refusing to let challenges hold them back. Their determination to improve, even while balancing other responsibilities, showcases their commitment to success.

This shared resilience, staff giving their time and expertise, and students putting in the effort to grow has built a culture of perseverance, confidence, and achievement. Together, they prove that with dedication and support, no mathematical challenge is too great to overcome.

Resilience in Our Maths Department: A Commitment to Growth

At our school, resilience is more than just a word, it's a daily practice, especially in our Maths Department. Both staff and students have shown unwavering dedication, proving that persistence leads to progress.

Term II Events including a very special new opportunity for year 7 2026 families!

Parents & Carers, we encourage you to make some diary notes for upcoming events:

1. **Parent Teacher Interviews:**
Tuesday 6 May 3:30pm-7:30pm
Year 12 school reports will be emailed Friday 4 April.
Years 7-11 will be emailed Thursday 24 April.
A Link to book for Parent Teacher Interviews will be

emailed to parents Thursday 24 April

2. Personal Best Awards:
Monday 12 May Starts 9am
Invitations will be emailed to parents of students being recognised in week 2 of term 2.
3. ***NEW*** Year 7 2026 Open Day:
Tuesday 20 May 3:30pm-6:30pm
Find out why Beaudesert State High School is one of the fastest improving schools in Queensland! If you know a parent whose child will be starting high school in 2026, tell them about our School Open Day for year 7s!
Details are on our Facebook page

Can you help our School Based Nurse?

The School Based Youth Health Service is delivered in partnership with Education Queensland to address the health and wellbeing of the young people and the school communities. The School Based Youth Health Nurse is seeking your feedback to help guide the service in 2025.

This survey consists of 6 questions and should take approximately 5 minutes to complete. The questions are not mandatory, and you can answer as few or as many as you would like. Your feedback will remain anonymous.
