Explain what you hope to achieve through being part of the Beaudesert State High School STEM Academy			
Explain what you hope to achieve through being part of the Beaudesert State High School STEM Academy			
by writing a paragraph in the space below. Include a reference to your BYOX device. "With employment in STEM growing two times faster than non-STEM occupations, the STEM Academy			
provides the learning environment for the development of future problem-solvers who will drive economic productivity and prosperity across the globe."			
Laptop requirement for STEM students			
Student accepted into the STEM program are required to have a laptop and participate in the bring your own device (BYOX) program. These devices are required to be of a certain specification to be able to connect to the school network. Please take the time to go to the school website to read the requirements, link provided below.			
https://beaudesertshs.eq.edu.au/support-and-resources/student-resources/b-y-o-x			
I am aware of the laptop requirements and additional \$75 subject fee required for my student to participate in the STEM program should they be accepted:
