

# BEAUDESERT STATE HIGH SCHOOL

## STAGE PRODUCTION AND WORKSHOPS

Students have the opportunity to audition for the bi-annual school production, in which they work collaboratively with other students and teachers from multiple departments to develop, brainstorm, rehearse and deliver a school production.

Students experience both touring productions by visiting companies, as well as high quality workshops delivered by these companies or by specialist teachers, designed to build both capacity in classroom academics and personal confidence.

# STAGE PRODUCTION AND WORKSHOPS

## OBJECTIVES:

- enhance communication skills and foster relationships
- encourage collaboration while working towards a common goal
- develop student confidence in and outside the drama classroom
- increase emotional wellbeing through an understanding of the self, other people and the world around
- build technical skills in drama and school-production programs
- develop leadership capabilities
- enhance academic understanding in interpretation, analysis and reflection.

## TIME ALLOCATION:

- After school rehearsals
- Lunchtime rehearsals
- Weekend productions
- Sport & Extras program
- Sport extras
